**expressed consent of The Good Lab.** This information is provided as a service and makes no claims of efficacy, safety or compliance of this product. Results are reported in percentage by dry weight. Results are applicable only for the sample as presented to The Good Lab and for the specific test conducted. Due to many factors outside The Good Lab's control, results may vary; therefore, we adhere to the cannabis analytical laboratory standard of error of +/- 5%. Cannabinoid content variations may be due to natural variations in the plant and/or inaccurate sampling practices. This report is for informational purposes only and should not be used to diagnose, treat or prevent any medical symptoms or conditions. The statements and results herein have not been approved or endorsed by the FDA. Results are applicable only for the sample supplied to The Good Lab.
